MOLD MAKING & INJECTION MOLDING

From mold development to custom plastic parts.

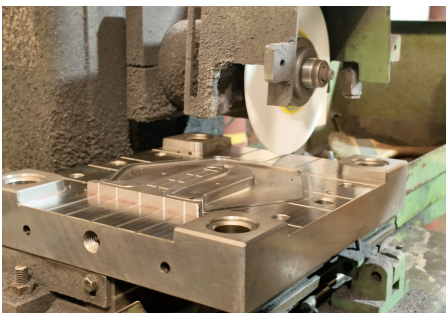

INJECTION MOLDING WORKSHOP

Mold development & manufacture

Injection molds and die-casting molds.

Plastic injection molding

Custom parts produced to project requirements.

MOLD MACHINING

TOOLROOM MOLDS

MOLDED PLASTIC PARTS

PRODUCTION EQUIPMENT

Largest injection machine: HAIDA HDX568 | Clamping force: 5,680 kN

Tie-bar spacing: 830 x 830 mm | Mold thickness: 350-830 mm

Around 10 smaller injection molding machines for small-part production.

Have a project? Send us your drawings, material and quantity requirements.

We will review the project for tooling and production feasibility.
